

Fremont Open Space Committee Meeting Minutes  
Tuesday, February 2, 2010

Approved May 4, 2010

Attendance: Jack Karcz, Jack Downing, Mathew Thomas, Dennis Howland, and Kenn Jones

Meeting began promptly at 7:00 PM

The group discussed whether it was necessary to restart the activity of monitoring the Glen Oaks property as a monthly process. It was pointed out that after initial issues with land misuse, in recent months there has been very few problems. It was agreed that the checklist could be recreated and then utilized along with an updated map of the area.

The group reviewed the process used during the creation of the recently created CTAP Open Space Task Force report and how the processes could be improved in the future. The group agreed that the process was helpful and that the completed report could be used as another data point when assessing properties.

The committee voted to accept minutes from previous Open Space meetings and agreed to meet again Tuesday May 4th 2010 at 7pm. The meeting adjourned at 8:40.

Minutes as submitted by Chairman Kenn Jones
